

# Debt Busting Challenge

---

Do you conduct annual spending reviews? Whether you own a small business, or are CFO (Chief Financial Officer) of your household, this is an excellent thing to do.

It's like finding money!

While in future spending reviews, your "found" money can be used for other purposes -- like savings -- right now we want to throw everything extra you've got at your debts.

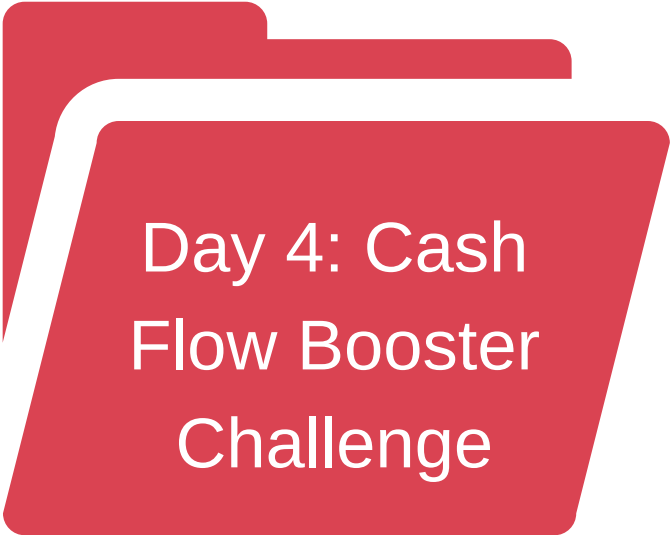

Use the list below + the worksheet on the next page to get cracking. Remember, we want to make your creditors' heads spin as to how you're able to get out of debt so much more quickly than they want.
